WORK EXPERIENCE

JS Mastery

Full Stack Developer

Remote
May 2023 - Present

- Worked with Next.js as frontend framework to achieve the benefits of server side rendering and SEO.
- Used NodeJS and Express to build server side logic and applied with middlewares to handle http requests.
- Used Git as a code repository and JIRA as a project management tool to utilize the Agile methodology.
- Worked collaboratively with the team, prioritized tasks, and delivered frequent iterations of the product.
